# Leading Solutions in Labeling, Packaging, Trims and Digital Innovation

Founded in 1951, Rudholm Group has grown from a family business into a global leader in sustainable labeling, packaging, trims, and digital solutions for the fashion industry.

**Rooted in Sweden, our values center on creativity, collaboration, and respect for people and the planet.**

As a privately-owned company, we stay agile adapting quickly to shifting market needs while delivering tailored, innovative solutions.

## Local Presence, Global Expertise

We operate across 22 strategic locations, including 10 owned production hubs throughout Europe, Asia, and North America.

Bangladesh | China | Germany | Hong Kong | India | Italy | Poland | Portugal  
Sweden | Turkey | United Kingdom | United States | Vietnam

## Packaging and Labeling Made in the USA

Rudholm Group proudly manufactures packaging and labeling in our Los Angeles and Las Vegas facilities. We are **GRS-certified annually** for our recycled polyester satin and nylon taffeta care labels—reinforcing our commitment to local, sustainable production.

By 2030, we are committed to sourcing 100% of the recycled polyethylene (PE) used in our polybags, as well as the recycled polyester used in our woven & printed labels, exclusively from GRS-certified sources.

LAS VEGAS, NEVADA

# E-Commerce Packaging Proudly Made in the USA

Rudholm Group USA is dedicated to delivering premium, **American-made packaging solutions.**

Our 18,000-square-foot manufacturing facility in Las Vegas, Nevada, is equipped with state-of-the-art digital and flexographic printing technology.

We specialize in the local production of:

- **Custom-Printed LDPE Poly Mailers**
- **Custom-Printed LDPE Polybags**

All products are printed, converted, and distributed directly from our facility, using high-performance water-based or UV inks.

By choosing Rudholm Group USA, you benefit from faster lead times, reduced carbon footprint, and truly innovative, locally produced solutions tailored to your brand.

## Flexo Printed Recycled LDPE Poly Mailers

Ideal for high-volume runs (20,000+ MOQ), these bags use custom water-based inks and requires print plates.

- 3-Layer Recycled LDPE Film
- Standard thickness: 75 micron/2.95 MIL
- Latest water-based ink technology
- Single or Double adhesive closure with perforation for easy returns
- Up to 3 colors; print plates with fees required

## Digitally Printed Recycled LDPE Poly Mailers

Fully customizable with edge-to-edge, unlimited color printing. Ideal for low MOQs of 250+ with fast turnaround.

- 3-Layer Recycled LDPE Film
- Standard thickness: 75 microns/2.95 MIL
- Greenguard Certified UV Ink
- Single or Double adhesive closure with perforation for easy returns
- Full CMYK color spectrum; no print plates required

## Flexo Printed Recycled LDPE Polybags

Customizable or standard Rudholm-branded polybags are available with suffocation warnings.

- Monolayer Clear Recycled LDPE film
- Standard thickness: 40 microns/1.55 MIL
- Latest water-based ink technology
- Resealable & permanent adhesive closure options
- Up to 3 colors; print plates with fees required

LOS ANGELES, CALIFORNIA

# Care Labels, Variable Data, Label Stickers & RFID Solutions

We manufacture **GRS-certified care labels** using **recycled polyester satin** and **recycled nylon taffeta**, proudly produced in the USA. We also specialize in **RFID sticker printing and encoding**, as well as **custom die-cut and barcode stickers** with fast turnaround.

## Care Label Options:

- Single- or double-sided print
- Mid-folded options
- Made from GRS-certified recycled ribbons

## Stickers & RFID:

- High-speed barcode sticker printing
- Die-cut sticker customization
- RFID sticker printing and encoding for smart retail & inventory management
- UPC & variable data printing

Made in LA. Shipped nationwide via FedEx or UPS.

Explore ShareLabel® using QR codes for marketing platforms and transparency and Variable Data Cloud® for translation care label management.

## Wash Care Labels

Made with optional GRS-certified recycled polyester or nylon in Los Angeles. Ideal for sustainable brand positioning and fast American wide shipping.

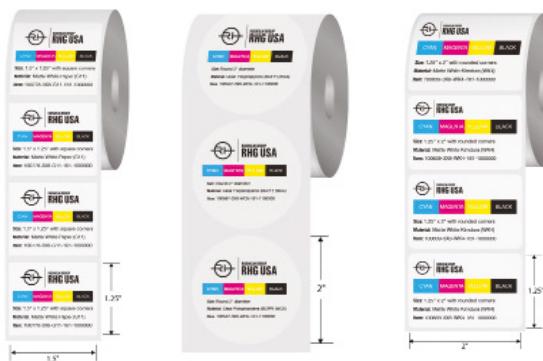

## UPC Barcode Stickers

Produced in roll-stock or fan-fold format, compatible with Variable Data Cloud® integration. Made in LA with flexible and efficient service options.

## Color & Die-Cut Stickers

Available as die-cut or roll-stock stickers, printed in full CMYK color. Perfect for bold branding and detailed customization.

## RFID Stickers

Delivered in roll-stock or fan-fold, encoded to support smart inventory and retail systems. Made in LA with reliable turnaround and precision encoding.

## Custom Mailer Box (RETT)

Durable and stylish, the Roll End Tuck Top (RETT) box is ideal for shipping apparel, gifts, or subscriptions.

- Board Options:** 32 ECT, C-Flute, E-Flute (1/16"), or B-Flute (1/8")
- Capacity:** Ships items from 1-30 lbs

### Kraft

A classic, eco-conscious look made from recycled brown corrugated cardboard—great with darker designs.

## Regular Slotted Container (RSC)

Built for durability, RSC boxes are the go-to choice for heavy or bulky items.

Made from 32 ECT C-Flute corrugated board (100% recycled), they're strong, cost-effective, and reliable for long hauls.

### White

A clean, affordable option for bold branding. Matte white highlights colors and details while staying sustainable.

## Paper Packing Tape

Customizable kraft paper tape that is made in the US and is fully recyclable. Reinforced fiberglass threads improve package security, while its water-activated adhesive easily bonds to cardboard and dusty surfaces.

## Hang Tags

Our hangtags are made in the US with FSC-certified paper. They're fully customizable with recycled stocks, tailored sizes, finishes, stringing, eyelets, embossing, and foil options.
